

**Response to Queries/Clarifications
from Design Engineer
to the Sydney Tar Ponds Agency**

Tender # STPA2008S-22
Tender Title: Flow Diversion – TP6A
Date: 18 November 2008
To: Jerome MacNeil, Contract Manager
From: J. Albury

Query/Clarification: Question to Agency from [REDACTED]

As per our conversation, I am looking for more information on the pumping stations. I can not seem to find any hard info on pumps flows and heads. Also weather this is a complete pumping station with submersible pumps or if they are looking for a different set up for these applications.

DWG 301,302,341.

What I need is pump specs. Including the quantities and styles of pumps.

Does this query/clarification warrant an Addenda? _____ Yes No.

If "Yes", please generate an Addendum Notification using STPA Form F 60800 and put your response on that form.

If "No", state reasons why.

Response:

The information provided in division 11 of the specifications is sufficient to address this query. The pump type is open to the choice of the contractor. [REDACTED]
